CALL FOR SPEAKERS

**We are inviting you to submit presentations for the upcoming
Baltic Geospatial Information Technology Conference
2022. This Call for Speakers closes on November 30, 2021.**

BALTIC GEOSPATIAL INFORMATION TECHNOLOGY CONFERENCE 2022

The Baltic Geospatial Information Technology Conference is a unique cooperation between all Baltic states in organizing regional geospatial industry event and developing cross-border collaboration. The main goal of the conference is to create unified understanding and vision on geospatial information technology industry in the region and exchange experiences to expand knowledge and innovation as well as market opportunities.

Around 300 participants are expected to attend from all over the Baltic States and Western Europe, and it is expected to be the largest industry event in the region representing geospatial developers, users, policy makers and industry organizations.

The conference is organized by the Latvia's GIS Association (LATGIS), Estonian Geoinformatics Society (ESTGIS) and Lithuanian Cartographic Society in cooperation with commercial companies and organizations from all Baltic states.

GENERAL INFORMATION

Preferred language of a presentation is English. One slot has a total of 30 minutes: 20 minutes for the talk; 5 minutes for questions and answers; 5 minutes for the participants to change rooms. All talks will be live-streamed, recorded and published online, along with the slides.

TOPICS

Here are some ideas for possible topics:

- Smart solutions: ride sharing apps, self-driving robots and cars, smart cities etc.
- GIS in Internal Security: drone applications ect.
- GIS in Construction and Planning: smart cities, digital planning ect.
- New trends: IoT, indoor mapping, machine learning
- Data collection, data sharing, big data, data exploitation platforms
- Sensors, remote sensing, laser-scanning, structure from motion
- Standards, interoperability, spatial data infrastructure, INSPIRE implementations.

If you think your potential presentation is not related to any of these topics, but it will suit well in our conference, please apply anyway. If you seek inspiration from previous events, please visit <https://www.balticgitconf.eu>.

APPLICATION

To apply for a speech at the Baltic Geospatial Information Technology Conference 2022 , please fill in the form [HERE](#).

Estonian Geoinformatics Society (ESTGIS)
